The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Memories of May.

SELECTED.

I sigh for the days of childhood,  
I long for each vanished May,  
When the fishing hooks entered my fingers  
And I stubbed my toes every day—  
When the old swimming hole was an Eden  
And I thought not of drying my hair,  
And mother wore out on me often  
Of slippers a twenty-cent pair;  
And there was little Mag Moffit  
Who waded with me in the brook,  
(She grew up and married a butcher,  
Whose sausage hangs on a hook.)  
The roses I gathered to please her  
Were certainly love's labor lost,  
I handed them to her with blushes,  
And the look that I got was a frost.  
Who loves not the days of his childhood,  
When the colic from green apples came—  
When he groaned in the house with the measles  
And mumps were a part of life's game?  
When the tadpoles that grew in the marshes  
He caught in a battered straw hat,  
And the Jinkins kid gave him a licking  
For setting the dog on the cat?  
Who would not return to that Eden,  
To the ever remembered sweet May,  
When the red headed girl was his teacher  
And walloped him well every day?  
No wonder I sigh for those moments—  
No wonder I dream of them now,  
When I raided the stable for henfruit  
And got kicked by O'Shaughnessy's cow.  
I'm scarred like a battle-mad soldier,  
But nary a pension I get  
And the marks of the birches of childhood  
Are the bauges of May even yet.

Louis Wagner, manager of the Model Store, which is now closing out in this city, will leave for St. Louis next week, where he will engage in business, putting in a line of ladies' ready-to-wear goods. Mr. Wagner and family made many friends while here, and we regret to lose them. Mrs. Ada Bridges, who has been with the Model Store since it opened in this city, has accepted a position with the new store in St. Louis.

Geo. Duncan of Cooter was here with his bloodhounds Monday night, on his way from Concord, where he had been called to trace some one who had broken into a store at that place. The dogs traced the thieves through Portageville and towards Hayti, and it is presumed they left this place on a freight train shortly before the dogs arrived.

E. E. Mason, Jas. King, H. Bloomer, Herman Rodgers, Archie Hammond and Miss Alberta Hammond, of Kennett, on their way from the Confederate Reunion at Jacksonville, Fla., stopped over in this city between trains Tuesday.

## SCHOOL NOTES.

By Supt. W. H. Johnson.

School closes Friday, May 22. A school picnic will be given, dinner on the grounds, races, and general athletic games will constitute a bulk of the program. Come and let us spend the day together on the beautiful school campus, and at the same time make the occasion a joyous one for the school children. Complete programs will be distributed.

Several pupils attended the Southeast Missouri High School Meet at Cape Girardeau last week and all report an interesting time.

The Agricultural Club met with Lillie Mae Sprayberry last Monday evening. Nat Buckley and George Sigler reported on condition of the school garden, also made recommendations as to needed work therein. Tuesday forenoon all the crops were worked over nicely, and bugs and weeds eradicated. Bonnie Hart and Madge Rust were appointed to sell vegetables Tuesday forenoon. They reported one dollar and forty-five cents as the proceeds for that sale. Isaiah Faris and Blair Buckley were appointed as a committee to report on the condition of the garden at the next meeting. The second meeting will be held at Blair and Nat Buckley's.

One of the urgent needs of our school is a piece of ground for agricultural work. If some public spirited citizen wishes to build an everlasting monument to his memory in this community he could do so in no better way than to deed the school such a piece of ground as mentioned above. Would it not arouse a sense of pride in this community if we could boast that our school had a five acre tract of land where our boys and girls might be taught the practical side of agriculture? Think this over.

The school board met Tuesday afternoon and elected two more teachers for our school. We still have one vacancy. The two elected at this meeting were Misses Nell Slicer, who taught here the past year, and Zelia Holman of Cape Girardeau.

Friday evening, May 22, at 8 p. m. at the City Hall, Rev. L. Rodgers of Doniphan Mo., will deliver an address to the graduating classes composed of the eighth grade and high school pupils. No admission will be charged.

Miss Hattie Gaither of Carleton is now attending Business College at Caruthersville.
